

# Premio®

## A NOVEL BLEND OF ESSENTIAL NUTRIENTS AND BIOSTIMULANTS

Assists in optimising fruit quality and maximising fruit size

## MAXIMUM CHERRY QUALITY

Testimonial from  
Peter Amurri  
KY D-PAK Pty Ltd  
Kyabram, Victoria

### Great Results

General Manager of KY D-PAK Pty Ltd, Peter Amurri, was recommended AgNova's Premio® by his local Elders Shepparton agronomist, Lucas Coreejas.

Peter tried Premio in a program for his cherry crops and really liked its compatibility with other products, applying five applications in tank mixes from fruit set onwards.

Peter was so impressed with the results, he says he will definitely include it in next season's program.

**“I was very impressed with the cherry yield, size, colour, firmness and effect it had on stem-pull. I noticed a reduction in the incidence of cracking.”**

KY D-PAK Pty Ltd have operations in Kyabram and Myrtleford in Victoria, and also in Tasmania, and are keen to use Premio across the three locations.

### Superior Finish Starts with Premio

Premio is a nutritional specialty product that optimises cell membrane elasticity and permeability, while maximising fruit size and quality. Premio is a unique product that supplies key nutrients as well as supplying the required fatty alcohols to assist the plant during fruit development. Extensive research on cherry trees showed those treated with Premio had improved fruit set percentages, higher fruit quality parameters and reduced incidence of cracked fruit compared to untreated trees.

Peter Amurri, General Manager of KY D-PAK Pty Ltd and Lucas Coreejas, Agronomist at Elders Shepparton at the Kyabram orchard.
